I did receive the file; thanks for that.

The document is partly redacted. Virginia Code §2.2-3704(B)(2) states that when records are withheld in part, the "response shall identify with reasonable particularity the subject matter of withheld portions, and cite, as to each category of withheld records, the specific Code section that authorizes the withholding of the records." I don't see this information in your response. Please provide the required information at your earliest opportunity, or let me know if I've overlooked it.

No, but I think that's my fault—I should have sent you the following link instead of the one I sent:

Could you please give that one a try?

What's the size of the file? I could also accept the record through a Dropbox file request or something along those lines.

Mr. Stevenson,

I have attempted to send the record requested to this email address and it will not accept the file size associated with the record. I had the same problem the last time you requested. If you would like to receive a hard copy of this file by mail please let me know and I will provide you an estimate of the cost to do so.

Thanks You

**Subject:** FOIA request for records

Pursuant to the Virginia Freedom of Information Act (Virginia Code §2.2-3700 et seq.), I request the policy manual of the Hampden-Sydney College Department of Security and Police.

If the requested records exist in electronic form, I ask that they be supplied in that format to this e-mail address. I ask that all fees for this request be waived, because the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of a law enforcement organization. If you intend to impose any fees, I ask that you supply a cost estimate prior to the production of any records.

Sincerely,  
Aaron Stevenson  
Vinton, VA
